

Time traveling a quarter mile at a time

# Fast and Furious

- A definitive movie franchise for millennials
- 7 movies spanning 14 years
- Movies have grossed \$3.9 billion worldwide
- Caused a rise in illegal street racing

# When were they released

2001

2003

2006

2009

2011

2013

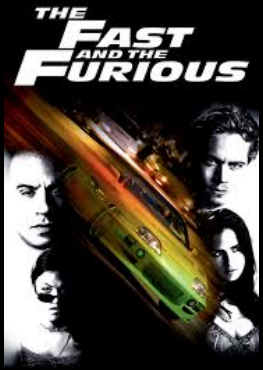

2015

# Tokyo Drift = Tokyo Time Rift

- TD assumes to take place in 2006
- Han dies in TD
- Han appears in FF 4,5,6
- Does that mean TD is a prequel to 4,5,6?

# The actual timeline

2001

2003

2009

2011

2013

2006

2015

# Tokyo Drift is not a prequel

- Takes place in 2006, and 2006 tech is used
  - Bow Wow sells ipods
  - 2006 era computers are used
- Later movies use cars in 2009
- Modern tech used in later movies

# How does this work?

- Vin Diesel spans all time and space
- Jason Statham (who kills Han) also is a time traveler
- Statham time travels to 2006 to kill Han
- Vin Diesel time travels to 2006 to investigate, races Lucas Black, and brings him back to 2015.

# Vin Diesel can time travel

- Vin Diesel does not appear to age
- Dom Toretto is wise ahead of his years
  - “I live my life a quarter mile at a time”
  - “I don’t have friends, I got family”
- Toretto admit it himself that he can [time travel](#)

# The key to time travel
